PRESS ANNOUNCEMENT

PILOT CHEMICAL SURFACTANTS GAINS 'CLEANGREDIENTS'® LISTINGS

CINCINNATI- Pilot Chemical Company has recently achieved the listing of nine surfactant products with CleanGredients®, an online database showcasing independently verified information concerning the human health and environmental attributes of surfactants used in cleaning products. NSF International provided the third-party certification and environmental screening using the U.S. Environmental Protection Agency's DfE (Design for the Environment) program which designates surfactants with especially positive environmental characteristics. The CleanGredients® database currently features the following Pilot Chemical products: Calfoam® ES-302, Calfoam® ES-303, Calfoam® SLS-30, Calsoft® AOS-40, Calsoft® L-40, Calsoft® LAS-99, Calsoft® P-85, Caltaine® C-35 and Pilot® SXS-40.

###

Pilot Chemical Company is an environmentally conscious global producer of high-quality specialty chemicals for a variety of industries including personal care, household and industrial detergent, lubricant and agriculture.
